

# Kids shouldn't have to miss school. You shouldn't have to miss work.

- Your child can be examined, diagnosed and treated by healthcare providers while at school via telemedicine
- Students are evaluated in the school nurse's office
- Schedule appointments through the school nurse
- Medicaid covers visits
- Private insurance coverage varies and copays & deductibles apply
- Sign and complete the consent forms to enroll in the program. Forms are available online through the district website.
