Specialists Now Available for Easy, Automated Referrals

Providers now have a simple way to schedule referral appointments with care specialists across South Carolina, allowing for a streamlined referral process and improved patient experience.

Through our partnership with ReferWell, providers have free access to:

Find the right specialists for each patient

Easily, securely share clinical info and receive consult notes back from the specialist, regardless of your EMR

Request in-person and telehealth visits and track the status of all referrals in real time

How to Get Started:

1. Sign up online at <https://www.referwell.com/public/sign-up> or contact ReferWell support to create an account.
2. Activate your profile by clicking on the registration link that should have been sent to your email.
3. Sign up for a 15-minute training with a ReferWell team member or take the brief, self-guided training course in the ReferWell Help Center.
4. Start sending referrals!
